

"My Lover"

My lover
She had it all goin good
Made it out of that whole where she lived
Was a modern day Robin Hood

Worked down at the shelter
Helpin poor kids get some food
I thought she was happy
Never was in a bad mood

She liked good old rock n roll
The kind Elvis used to make
And She'd dance til the break of dawn
Til the night the devil take

Tell me why did she do it
Did she go and take her things
Was it somethin I said or somethin I did
Was it a lack of wedding rings

We used to lay out by the lake
Makin love under the moon
Laugh and giggle until 4 am
And then we'd crash until noon

She didn't play no crack or sniff
Lived life naturally
Didn't need any fancy sports car
Or expensive pictures to see

Well I tell ya I loved that girl
Honestly, through and through
And any way I can get her back
Friend, just tell me what to do

But tell me why did she do it
Did she go and take her things
Was it somethin I said or somethin I did
Was it a lack of wedding rings
