

"The Love I used to Know"

When I see her smile
I drink for a while
And try to remember how it used to feel.

Friday nights
We was up till the sun
Down on the ground pounding

Then we'd sleep all day
Until four I'd say
Wake up, and start again

Well that's the love I used to know
(But it's over, it's over)
And that's the love I used to love
(But it's over, it's over)

Well I ain't had that love
for a long long while
And I don't know if I could ever love again

But I've got no hate
I'm a forgiving man
Pass you on the street I'd say hi

But if you'd give the time
I'd like to know
Won't you please just tell me why?

But that's the love I used to know
(But it's over, it's over)
Well that's the love I used to love
(But it's over, it's over)
